3. Living as Disciples

- a. Honesty - v15
- b. Support - v16
- c. Encouragement - v16

Cell Ideas

Welcome

Name one thing about Cell groups you hate and one thing you love.

Worship

Spend some time reading through this scripture and then quietly waiting and listening to what Father God wants to share with the group. Then talk about what you have experienced even if that appears to be nothing.

Word

1. In what way is the small group experience working for your group and in what ways is it not?
2. What do you experience in your Cell group that you don't on Sunday morning. Talk about the differences.
3. What could we bring from our cell group experience into our Sunday morning gathering to make it more relevant?
4. In what ways does the Cell group build you up as a disciple?

Witness

Think about ways in which your Cell group could more effectively be a witness to the Good News about Jesus.
