## Cell Ideas

### Welcome

What is your greatest fear and how do you cope with it?

### Worship

Some of these scriptures lend themselves naturally to prayerful worship. Read them through and spend some time listening to God and responding in prayer.

### Word

1. What have been your most encouraging answers to prayer?
2. What has disappointed you most in prayer?
3. What would you answer to someone who says that your prayers are just you talking to yourself?
4. How would you answer someone who says that life has got tougher since they became a Christian?

### Witness

Look for opportunities to offer prayer to non-Christian family and friends with the expectation of seeing Jesus act miraculously in their lives.
